BENGALURU, INDIA

PIC MY CHIP

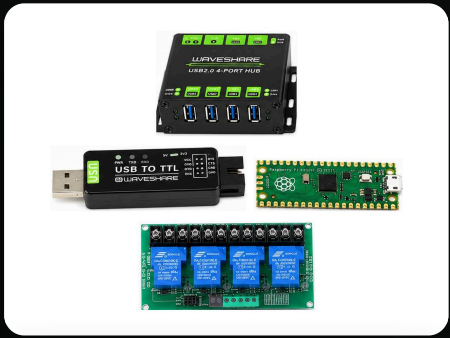

BKC PICMYCHIP TECH SERVICES PVT. LTD.

One sourcing partner for all your electronic components, laptops and IT equipment.

Electronic components, test equipment, tools, cables and drone parts, backed by an in-house engineering team. Imported or procured locally, then dispatched across India.

Components
Passives, ICs, modules & connectors

Test & power
Scopes, meters & power supplies

Tools
Soldering, crimping & power tools

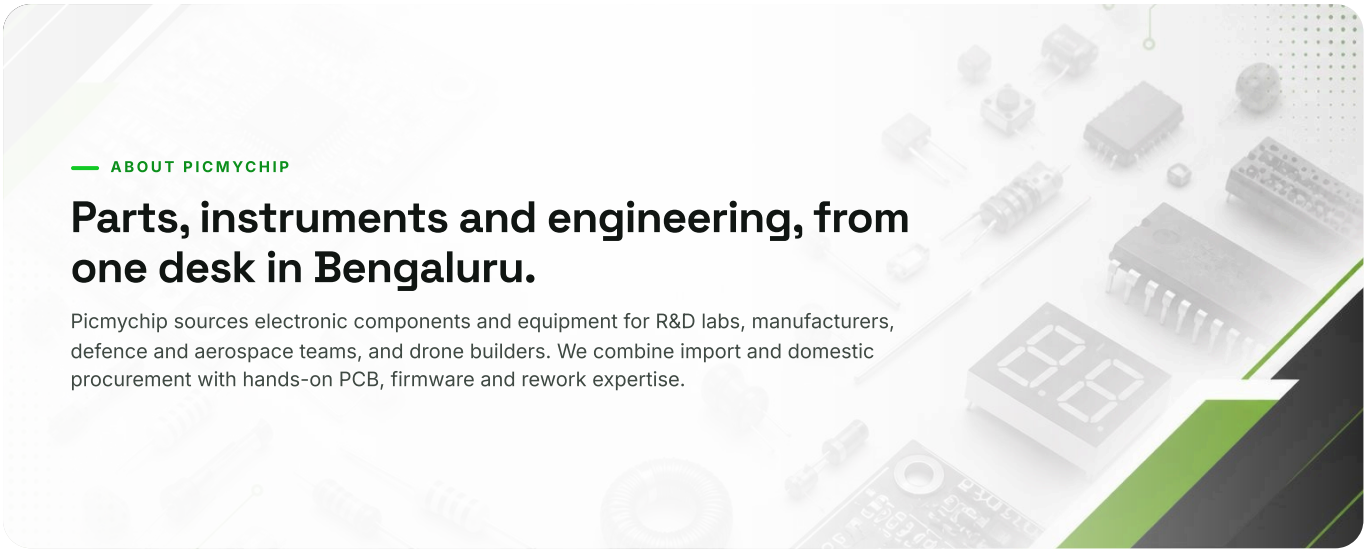

Engineering
Embedded software & BGA rework

ABOUT PICMYCHIP

Parts, instruments and engineering, from one desk in Bengaluru.

Picmychip sources electronic components and equipment for R&D labs, manufacturers, defence and aerospace teams, and drone builders. We combine import and domestic procurement with hands-on PCB, firmware and rework expertise.

WHAT WE SPECIALISE IN

Drone components
Reliable sourcing for UAV and agri-drone builds

Import
Electronic components and equipment from global sources

Domestic procurement
Fast local sourcing through trusted distributors

Embedded & software
Embedded systems and software development

Consultancy
Technical consultancy and customised solutions

Web applications
Web application development, like FollowOrders

WHY TEAMS CHOOSE US

One PO, many categories
Components, instruments, tools and IT on a single order.

Import + domestic
If it is not on the shelf here, we bring it in.

Engineers in-house
PCB, firmware and rework expertise behind every quote.

Tracked end to end
Purchase and dispatch status on FollowOrders.

INSIDE THIS LINE CARD

03 Components & Modules
- Electronic Components
- Dev Boards & Modules
- Amass Connectors
- Headers, D-Sub & FFC
- RF & Coaxial Connectors

04 Test, Power & Lab
- Oscilloscopes & Bench Supplies
- Multimeters & Clamp Meters
- Power Supplies
- Programming & Debugging
- Cooling Fans

05 Soldering & Tools
- Soldering Stations
- Soldering Accessories
- Glue Guns & Sticks
- Cutters & Crimping Tools
- Power & Hand Tools

06 Cables, Wiring & Hardware
- Electrical Wires & Cables
- USB, HDMI & Data Cables
- UGREEN Accessories
- Fasteners & Spacers
- Cable Management

07 Drones & IT
- Agriculture Drone Parts
- Computers, Mobiles & IT

08 Printers
- Garment & textile printing
- Office & photo
- Labels & barcodes

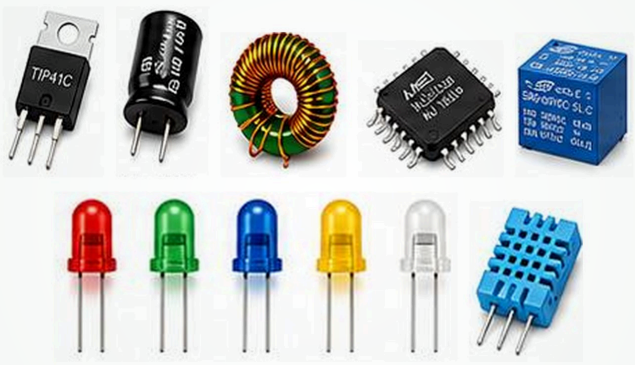

09 Services & software
- Embedded & software
- BGA rework & X-ray
- Technician support
- FollowOrders

PRODUCT LINE CARD · 01 / 06

Components & Modules

Passives to microcontrollers, dev boards and the connectors that tie them together.

Electronic Components

Through-hole and SMD parts for prototypes and production runs.

Resistors · Capacitors · Inductors · Diodes · Transistors · Voltage regulators · ICs & MCUs · Relays · Switches · LEDs · Displays · Sensors · Potentiometers · Buzzers · Battery holders · Heat sinks

Dev Boards & Modules

Ready-to-use boards that shorten bring-up.

USB hubs · Relay boards 4/8/16 ch · USB to TTL · Raspberry Pi Pico · GPS / BT / Wi-Fi modules · Motor drivers · Breadboards

BRANDS Waveshare · Raspberry Pi

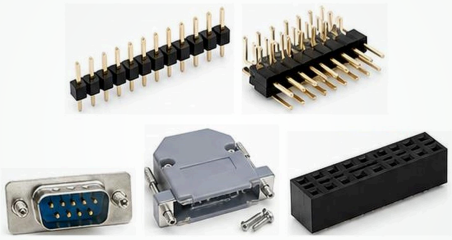

Amass Connectors

High-current power connectors for batteries, ESCs and drones.

XT30 / XT60 / XT90 · MT & MR series · AS anti-spark · EC3 / EC5 · BT & A series · Bullet connectors · Dust caps

BRANDS Amass

Headers, D-Sub & FFC

Board-to-board and board-to-wire interconnect.

Male & female headers · Single / double row · Right angle · D-Sub DB9 – DB78 · D-Sub hoods · FFC cables · ZIF & non-ZIF

RF & Coaxial Connectors

Signal-grade connectors from bench to antenna.

BNC · TNC · SMA / RP-SMA · N type · MMCX / MCX · SMB / SMP · U.FL / IPEX · UHF · QMA · FME

PRODUCT LINE CARD · 02 / 06

Test, Power & Lab

Bench instruments and power conversion from the brands engineers already trust.

Oscilloscopes & Bench Supplies

InfiniiVision scopes from 70 MHz to 500 MHz, plus programmable single and multi-output DC supplies.

- DSOX1202G · 1204G · 1204A
- DSOX3012T · 3024T · 3054T
- Programmable DC supplies
- Multi-output supplies
- Test leads

BRANDS Keysight · Rigol · GW Instek · Korad

Multimeters & Clamp Meters

True-RMS handhelds for the field and the bench.

- True-RMS multimeters
- Clamp meters
- Flexible current probes
- Probes & cases

BRANDS Fluke · UNI-T

Power Supplies

AC-DC conversion from 2 W modules to DIN-rail units.

- DIN-rail supplies
- Enclosed SMPS
- Slim LED drivers
- PCB-mount AC-DC
- Open-frame boards

BRANDS Mean Well · Hi-Link

Programming & Debugging

Probes and adapters for flashing, debugging and CAN.

- J-Link probes
- ST-LINK
- PCAN-USB adapters
- JTAG / SWD cables

BRANDS Segger · ST · PEAK-System

Cooling Fans

Thermal management for enclosures and panels.

- AC & DC axial
- EC & MagLev
- Blower fans
- IP68 waterproof
- Guards & filters

BRANDS Rexnord · Sunon

PRODUCT LINE CARD · 03 / 06

Soldering & Tools

Everything for the rework bench, the assembly line and the site visit.

Soldering Stations

Temperature-controlled stations, hot-air rework and desoldering systems for every bench.

- Soldering stations
- Hot-air rework
- T12 stations
- Desoldering stations
- Irons 25 – 60 W
- Hot-air nozzles

BRANDS Hakko · Weller · Quick · Yihua · AiXun · Pro'sKit

Soldering Accessories

Consumables that keep joints clean and tips alive.

- Solder wire & paste
- Flux & IPA
- Wick & pumps
- Tips & cleaners
- Tweezers
- Kapton tape
- ESD straps

Glue Guns & Sticks

From 20 W mini guns to 200 W professional units.

- Glue guns 20 – 200 W
- Cordless guns
- EVA · PO · PA · PUR
- Coloured & glitter sticks

BRANDS Ingco

Cutters & Crimping Tools

Precise cuts and repeatable crimps.

- Flush & micro-tip cutters
- Wire strippers
- Terminal & ferrule crimpers
- RJ45 / RJ11
- Ratchet crimpers

Power & Hand Tools

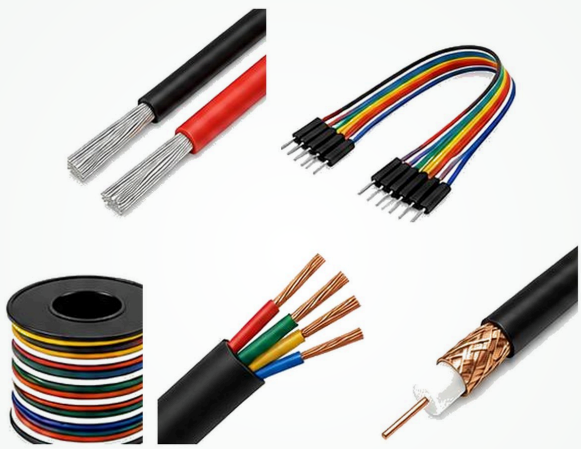

Drills, heat guns and measuring tools for installs.

- Drills & drivers
- Rotary hammers
- Heat guns
- Laser measures
- Tool sets
- Bits & blades

BRANDS Bosch

Cables, Wiring & Hardware

Cables, wire, fasteners and the finishing touches for a clean, serviceable build.

Electrical Wires & Cables

Hook-up to power cable, including high-strand silicone wire for drones and RC.

- Silicone wire
- PVC & hook-up
- Multicore & power
- Coax & twisted pair
- Jumper wires
- Solar wire
- Speaker & telephone

USB, HDMI & Data Cables

Gold-plated and generic data cables in standard lengths.

- USB A / B / Micro / Mini
- Arduino cables
- USB extensions
- HDMI cables
- BNC cords

UGREEN Accessories

Premium cables, chargers and hubs.

- USB-C & Lightning
- CAT6 / CAT7 / CAT8
- Nexode GaN chargers
- Hubs & docks
- Audio cables

BRANDS UGREEN

Fasteners & Spacers

Metric hardware from M2 to M10.

- Screws & bolts
- Nuts & washers
- Nylon spacers
- Brass · Al · SS standoffs

Cable Management

Tie, mount, sleeve and label.

- Tie bases
- Nylon & SS ties
- Heat-shrink tubing
- Dual-wall adhesive

PRODUCT LINE CARD · 05 / 06

Drones & IT

Agriculture drone parts, and the IT kit to run your office and lab.

Agriculture Drone Parts

Spray-drone subsystems and spares, from flight packs to fittings.

- LiPo & Li-ion packs (6S 33600 mAh)
- Spray pumps
- Landing gear & spray booms
- Navigation lights
- 3K carbon tubes 10 – 30 mm OD
- Smart chargers 200 – 2400 W
- Spray pipes & push fittings 4 – 10 mm

Computers, Mobiles & IT

Business laptops, desktops and peripherals for teams.

- Dell Latitude · Precision · Vostro
- OptiPlex desktops
- Monitors
- Mobiles
- Wi-Fi routers
- Keyboards & mice
- Pen drives

BRANDS Dell · Samsung · SanDisk · HP · Kingston · Transcend

CAN'T FIND A PART?

Send us the part number or BOM.

Not every part we source is listed here. Our team checks stock, local distributors and import options, then comes back with availability, price and lead time.

PRODUCT LINE CARD · 06 / 06

Printers

Garment, textile, office, photo and label printers, for production lines, print shops and offices.

GARMENT & TEXTILE PRINTING

DTG Printer

Prints directly on garments with water-based inks. Best for detailed designs and small batches.

DTF Printer

Prints on PET film with DTF inks, then heat-pressed onto cotton, polyester and blends.

DTF UV Printer

Prints UV-curable DTF films for vibrant, durable transfers.

Sublimation Printer

Sublimation inks on transfer paper for polyester garments, sportswear and all-over prints.

Dye-Sublimation Printer

Dye-sublimation inks for polyester fabrics, sportswear and fashion garments.

Heat Transfer Printer

Prints on heat-transfer vinyl or paper, applied with a heat press. Ideal for names, numbers and logos.

Wide Format Printer

Large-size prints on fabric for garment production and fashion applications.

Not sure which printer fits?

Tell us your fabric, volume and budget, and we'll recommend a setup.

OFFICE & PHOTO

Inkjet Printer

Prints on paper, transfer paper or fabric for custom designs and small runs.

Laser Printer

Fast toner-based printing, also used on transfer paper for heat-transfer work.

Photo Printer

High-quality photo prints for samples and custom designs.

Dot Matrix Printer

Impact printer for invoices, labels and production records.

LABELS & BARCODES

Thermal Printer

Prints labels, barcodes and tags for manufacturing and retail.

Barcode Printer

Barcode labels for tagging, inventory and tracking.

NEED A SPECIFIC MODEL?

Send us the make and model.

sales@picmychip.com

ENGINEERING SERVICES

Engineers who can use the parts, too

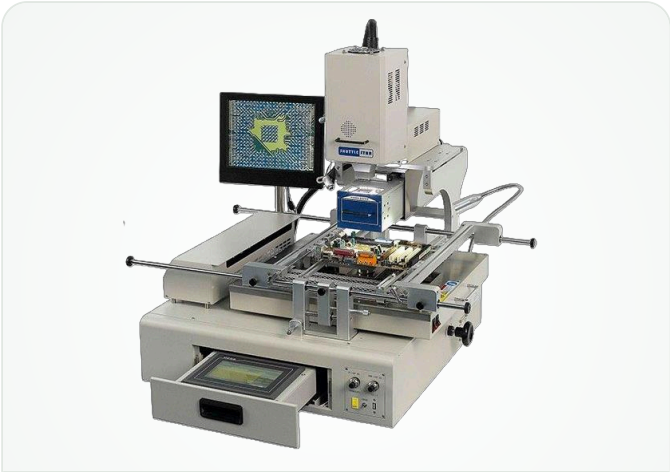

Delivered by experienced embedded and rework professionals.

Embedded Systems & Software

End-to-end solutions tailored to your product needs.

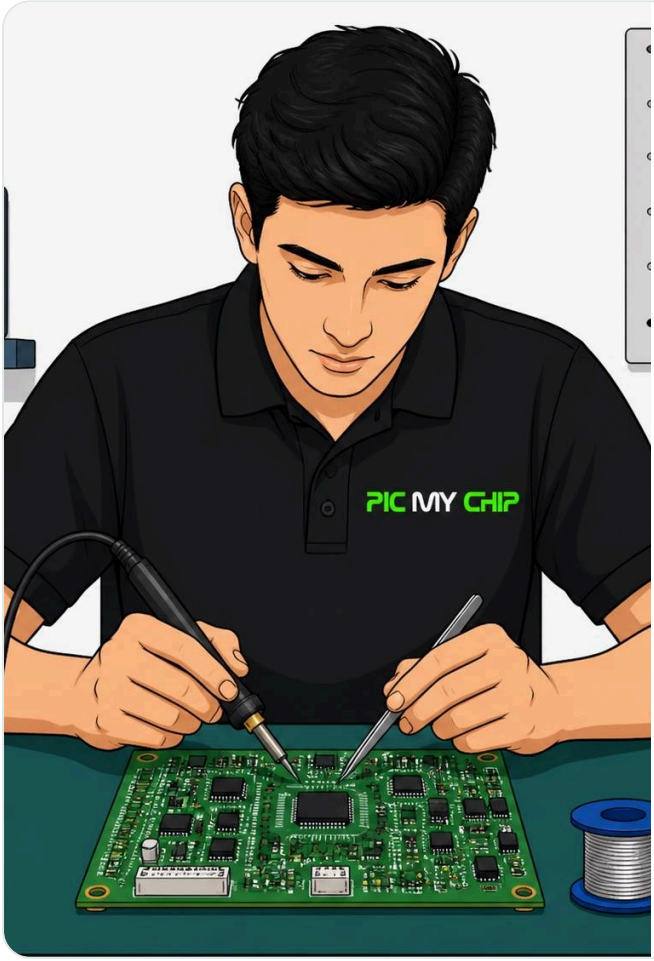

- Firmware development (C/C++)
- Microcontroller-based design
- IoT & connected systems
- System integration & debugging
- Custom application development

BGA Rework & X-Ray Inspection

Precision rework, reballing and quality analysis.

- BGA rework & reballing
- X-ray inspection
- Quality & failure analysis
- Board-level repair

TECHNICIAN SUPPORT

We provide qualified technicians as per your requirements

Skilled, experienced hands for your production line, lab or project, for a day, a batch or the long run.

01 Share your requirement
Skills needed, project scope, location and duration

02 We match the right technician
Screened for soldering, rework, testing or assembly experience

03 Onsite or at our facility
Deployed to your site, or working from our Bengaluru lab

04 Scale as you need
Add or release technicians as your project changes

Soldering & rework · SMD & through-hole assembly · BGA rework · Testing & debugging · Cable & harness assembly · Inspection & QC

Request technicians: www.picmychip.com/request-technician · +91 90876 06060

OUR SOFTWARE

FollowOrders

A web-based **purchase order tracking system** that manages the full lifecycle of purchase and dispatch operations. One place to track order progress, vendor interactions, shipment updates and delivery status, in real time.

www.followorders.in

ORDER JOURNEY

1. Order placed
2. Payment pending to vendor
3. In transit
4. Received at office
5. Invoiced
6. Dispatched
7. Delivered

KEY FEATURES

Quote to PO
Convert a quote into a purchase order in one step.

Purchase & dispatch tracking
Separate workflows with real-time status updates.

Live dashboard & reports
Status counts and profit / loss insights.

Multi-purchase / dispatch
Handles split and complex order scenarios.

Secure multi-company access
Role-based login with data isolation.

- Secure access
- Real-time updates
- Profit / loss visibility
- Data management

SEE IT IN ACTION

Track every PO from quote to delivery.

Built by the Picmychip team for multi-company procurement and dispatch operations. Ask us for a walkthrough.
